BarterPay is an organized bartering platform that helps businesses across Canada get the things they need without having to use money. Instead, they can pay for those things using their own goods & services!

So now, you as a business owner, can acquire some of the things you need and pay by issuing your own goods and services to the network and keeping your hard-earned cash in the bank.

"The OCC represents small and medium-sized businesses across a variety of sectors who are concerned about the rising costs of doing business. BarterPay provides an innovative solution that allows our members to acquire the goods and services they need by leveraging their excess capacity instead of spending their hard-earned cash. As the indispensable partner of business, we're excited to bring this revolutionary business tool to our province-wide membership."

Rocco Rossi

President & CEO of the OCC

"We have been able to use our Barter Credits to complete many projects that we would not have been able to pay for otherwise. We barter our excess/idle inventory at full value, instead of heavily discounting, and then use the Barter Credits for reno projects. It has been excellent for our business."

"Being a member of BarterPay has helped grow our business during slower months of the year. Having a BarterPay account is like a mini-spending account that we use for things we typically wouldn't want to spend cash on. We buy things like car washes, restaurant gift cards and many other items. Overall, we have had an excellent experience with BarterPay and recommend them for all businesses"
